

Spring Splash SCQR Retreat 2010

Greetings from the Retreat Committee

Do you remember the **joy** and **excitement** at folding and cutting paper snowflakes as a child? Do you remember the brilliance of the intricate designs achieved by a few simple snips with your scissors? Well, now you can rekindle the same excitement in fabric! Daphne Greig will be at the retreat to teach her “**Give and Take Applique**” method. Whether you are a seasoned “appliquer” or a beginner this course will have something to interest everyone!

I am including a link to Daphne’s website www.daphnegreig.com so you can check out her other inspirational projects and impressive credentials. Make sure you click on the slide show link and see the pictures of her and Ricky Timms and Alex Anderson. Imagine the knowledge and stories she will share with us about everything quilting!

If **Seascape** design and embellishment are more your style, or if you want to use up that **Jellyroll** sitting in your sewing room please give me a call soon to reserve your space – we only have 2 spaces left in each of Carol and Nancy’s classes.

Finally, **Stay and Play** is shaping up to be quite the party with several people signed up. (There must be a lot of UFO’s out there weighing heavy on your consciences.)

Spring Splash is filling up quickly!

For more information and to reserve a space in a class please call Jennifer Yamamura (604) 741-3704.

For those who wish to reserve a space in a class until the November resource day, please make sure you bring your deposit to the November meeting. It will be first paid, first registered at that time.

Happy Sewing!

Jennifer Yamamura and the 2010 Retreat Committee
